Mesh back cantilever base meeting chair
CHC2001

UNPACKING INSTRUCTIONS

- Do not use a knife or sharp object to open the carton.
- Carefully open the carton, remove the contents and lay them out on cardboard or other protective surface to avoid damage.
- Check package contents against the Parts List on the next page to ensure that all components have been received.
- Do not use damaged or defective parts, report any discrepancies within 48 hours of receipt of goods.
- Carefully read and understand all instructions before attempting assembly, see notes on back page.

REG NAME	HEX KEY	M6 X 20 SCREW	M6 X 30 SCREW	6MM FLAT WASHER	8MM FLAT WASHER
1	1	6	4	4	4

Assembly Hints & Tips

1. Unpack on a soft surface (carpet or cardboard) and identify all parts and fixings.
2. Read and understand the instructions.
3. Have tools ready for the job, Hexagon key, (supplied)
4. To avoid cross threading screws, start all threads by hand, not with power drill.
5. Always start all the screws in a component loosely first before tightening. E.g. when fitting the arm start all screws before tightening any.
6. Always tighten screws equally to prevent uneven stress and misalignment of components.
7. Double check final tightness of all fixings before use.

Maintenance & Care

1. Hard surfaces should be regularly wiped with a micro fibre cloth or similar.
2. Soft furnishing should be regularly vacuumed using a brush type upholstery attachment.
3. Wet spills should be immediately blotted dry and treated with a proprietary upholstery cleaner as directed.
4. A check of all screws and fasteners during the first month of use and periodically thereafter is advisable.
